	Approved By: Board of Trustees Florida Faculty: April 28, 2014 North Carolina Faculty: May 9, 2014
CR 2.4	Reaffirmed (with an editorial change): February 21, 2014
	Board approval of editorial clarification: Summer 2015

(collectively, The University)

Mission

The University's mission is to offer students an array of business, liberal arts and sciences, and pre-professional programs of study that create a life transforming educational opportunity which is practical in its application, global in its scope, and multi-disciplinary in its general education core. Students will acquire depth of knowledge and expertise in their chosen field of study, balanced by breadth of knowledge across various disciplines. Special emphasis is placed on enhancing oral and written communication, and critical thinking skills.

The University awards degrees at the bachelor and master levels at locations in Florida and North Carolina, as well as at the associate level in Florida. Traditional classroom, online, and hybrid learning environments are available. Opportunities exist for students to draw on the courses and programs of study at both locations through online courses and/or periods of residence at either campus. Webber's programs in Florida focus on the worldwide business environment, and emphasize development of skills in administration and strategic planning, applied modern business practices, and entrepreneurship. The St. Andrews branch campus in North Carolina offers an array of traditional liberal arts and sciences and pre-professional programs of study.
